

Torrige District Council

foreword

The council has always embraced a corporate strategy which promotes the economic, social and environmental well-being of those who live within Torriseside. Taking advantage of legislation and every other opportunity to strengthen its work in partnership with the County Council, Town and Parish Councils, with the business community, with the Voluntary sector, with the Police and with the Health Authority to provide best value services to those who live in the area.

what is best value?

The Council has revisited this plan in line with Government requirements that the authority must publicly demonstrate Best Value in provision of all of its services. The Council is also required to publish an annual performance plan and to make a summary available to every household in the District. Our plan sets out the Council's detailed aims and objectives.

If you would like a copy of the full plan, please contact the Best Value Officer, Bridge Buildings, Bideford EX39 2HT or telephone 01237 428917, bestvalue@torridge.gov.uk

best value is about

Economy	Efficiency
Effectiveness	Quality
Local Choice and Accountability	Continuous Service Improvement

We need to find out what the Public wants and then commit ourselves to delivering those services to the highest quality at the best price. We will also need to search constantly for improvements in our services; we will be reviewing all our services over the next 5 years. During the reviews the four 'C's' underlying Best Value will need to be considered, namely: -

CHALLENGE - Why we provide the service?

COMPARE - How does our service provision compare with other local authorities?

CONSULT - What do the users/public think?

COMPETE - Who is the best provider of that service in both quality and cost?

We will regularly consult a variety of groups and individuals, take note of their reviews and report periodically. We need to set out our aims and objectives, along with targets and performance measures in a public document by 30th June every year. The results of our consultations during 2001-2002 are reported in our full Best Value Performance Plan.

your council

Torridge District Council is your Council. By working in partnership with other service providers and by involving the community we aim to:

- Work for a prosperous Torridge
- Promote the health and well being of the people of Torridge
- Enhance the environment of Torridge

our values and the actions we have taken to achieve them

to understand, determine and represent the needs of the Torridge area and to put the public first

We have sought to understand your needs by undertaking a number of consultation exercises to determine our priorities for service delivery. In addition we have an ongoing Programme of Community Projects, Area Advisory committees and Resident's Associations together with our ongoing consultation with our own tenants.

to promote the well being of the community, particularly those who are disadvantaged

We have worked closely with other agencies, including the Northern Devon Health Group for well-being of people within Torridge, the Crime & Disorder Partnership and the Drug & Alcohol Reference Group.

to integrate our policies with those of other agencies and to avoid duplication

We have developed a partnership strategy with Devon County Council and are now drawing up a full Community Strategy with other public and voluntary agencies.

to work with all communities within Torridge to make the best use of the talents of local people

We have worked with the North Devon Economic Development Partnership, the North Devon Marketing Bureau, the Agricultural Forum and Torridge Transport Group to make the best use of local talents.

to communicate openly and effectively.

We have done this through our increased consultation with the public, and increased use of Area Advisory Groups and user groups.

to simplify access to and increase understanding of our service by local people.

We will be developing methods of providing greater access to our services via electronic means and have increased understanding of our services through this leaflet and the annual Best Value Performance Plan. In addition our own tenants are informed through a newsletter of the targets we are setting and new methods of service delivery.

to ensure sustainability is central to all our actions.

We are actively involved in the Local Agenda 21 process and have included a Sustainability Checklist in all our Best Value Service Reviews. In addition there are a number of projects underway within the Torridge area to help promote sustainability and improve the local environment.

to promote diversity and equal opportunities.

We have done this through our policies and procedures and will continually keep them under review.

to deliver Best Value to all the people of Torridge providing services as locally as possible consistent with need, quality and cost effectiveness and to learn from best practice.

We have done this through our Best Value service reviews on Recreation & Sport, Economic Development & Tourism, Land & Legal Charges and our Accountancy & Exchequer Services, and Housing Planned Maintenance.

to promote a culture of performance management incorporating a review of all our services over a 5 year period.

A performance management system is in place with performance against targets reviewed and reported to Elected Members on a quarterly basis. This system will be further developed to provide more meaningful Performance information to both the Public and Elected Members.

who are your Councillors

Elected 6th May 1999

There are 36 'councillors' who are paid a basic allowance (set by an independent remuneration panel) and who are elected to direct the work of the local council's services provided to the 56,000 people of all ages living in the Torridge District. District Councillors are elected every four years to represent local people. It is fundamental to local democracy that councillors should be known and accessible to local people, so that they are in touch with local opinion and needs. Many councillors have full time jobs, and are giving up their time during the day to attend Best Value Reviews, and Committee meetings. Some work is also carried out at weekends and evenings.

Councillors are guided by the full time paid employees of the council, but ultimately it is the councillors who make the decisions and take responsibility for them.

where the money comes from

what the money is spent on 2000/2001

the services provided

North Devon and Torridge community safety partnership

why

The Crime & Disorder Act 1998 required local authorities and the Police to form Community Safety Partnerships with other key partners. The Partnership is required to produce strategies with objectives and performance targets to reduce crime and bring about a safer community.

who

In Torridge and North Devon a unique partnership was formed involving both District Councils, Devon County Council, Devon and Cornwall Constabulary, local health providers, Probation Service, Youth Offending Team, and Devon Fire and Rescue Services to address issues of crime and disorder across the whole of Northern Devon.

what

The Partnership team consists of local authority workers and two crime reduction police officers.

The Partnership works closely with the Government Office for the South West who provide guidance, support and funding opportunities for local initiatives.

The Strategic Partnership Team promotes the development of a wide range of crime prevention and community safety initiatives. In addition to our own investment, the Team seeks funding for a variety of initiatives.

achievements

Over the last three years a great deal has been achieved, please see below:

- Crime Reduction-Detection Rates Rise, CCTV- To Combat Crime
- Domestic Violence-Additional Support and Advice
- Young People-Investing in our Future
- Drug related Crime, Burglary Initiative
- Vehicle Crime, Retail Crime
- Alcohol related Crime
- Positive Futures-GOYA Project

community safety strategy 2002- 2005

The Partnership Office has conducted an Audit of Crime and Community Safety issues across our area.

As a result of that piece of work the Community Safety Strategies for 2002-2005 will be developed, a great deal of public consultation has been undertaken and the Strategies will focus on the following areas:

- Reducing the Fear of Crime.
- Reducing Vehicle Crime.
- Tackle Road Safety Issues.
- Involve Young People.
- Reduce availability of Drugs.
- Tackle Violent Crimes and Disorder.
- Reduce House Burglaries.

our service to you

everyone wants

- Prompt and efficient Services
- Friendly and helpful staff
- To know that, if things go wrong we can put them right.
- You want to know that the Council is well run and ready to meet your needs.
You also want to know that you can have your say.

under best value review year 2 2001/2002

recreation & sport

We have undertaken a wide range of consultations, including schools, sports and leisure facilities. The results to date are very promising, it seems that on the whole you are happy with the services provided

Review Highlights

- We can now host Coach Education Programmes, as we have been awarded the Sports UK initiative by the Premier Coaching Centre.
- Within our review we have completed a Sustainability checklist, showing that the Parks and open spaces are using wood from Sustainable Forests.
- We inspect our play areas every week and on an annual basis they are inspected by ROSPA. Our review has shown that these inspections should be quarterly, freeing up resources to be used elsewhere.

The service is still under review and a full report will be published in the Best Value Performance Plan.

planned maintenance

We have undertaken a Consultation exercise but the data has yet to be analysed.

Review Highlights

- This council has a commitment to ensure that all social housing will be brought up to a 'decent standard' within ten years.
- The review group is considering this commitment against the Planned Maintenance Programme and the Capital Programme of investment for the Council's Housing stock.

under best value review year 2 2001/2002

economic development

This service works to encourage the development of suitable employment opportunities for local people. We continue to work in partnership with other organisations and agencies to ensure that new jobs are encouraged within Torrington and to develop a skilled local workforce through support for local training initiatives.

Review Highlights

- We are working with other Devon Authorities during the review to ensure consistent delivery of service.
- The results received so far from our consultation exercise suggest that in general you are pleased with work of the Team and consider the services delivered to be very valuable.
- However we need to work harder to ensure you are aware of the Partnerships that exist and we need to ensure that we promote the services that are available within the district to encourage Economic Development & Tourism to the Area.

The service is still under review and a full report will be published in the Best Value Performance Plan.

accountancy & exchequer services

This service delivers accountancy, payroll and creditor services to the Council.

Review Highlights

- The service is undergoing some re-organisation at present. The review will look at partnership arrangements with other local authorities to use their software for payroll purposes.
- Early indications are that improvements in payroll software would release staff resources for service improvements and reduce overall costs to the authority.

The service is still under review and a full report will be published in the Best Value Performance Plan.

land & legal charges

This section provides legal services to the authority and operates the Land Charges system.

Review Highlights

- The review has highlighted the need to look at partnership arrangements for the delivery of specialist legal services such as Benefit Fraud prosecutions.
- We have received a very positive response from the land charges service consultation exercise. This service is rated very highly in terms of cost and the speed of service delivery.

The service is still under review and a full report will be published in the Best Value Performance Plan.

best value

What's been happening?

In 2000/2001 the Best Value Inspectors looked at the following areas.

Street Cleansing & Waste Collection, Public Conveniences and Development Control.

How were we judged?

The rating given by the Inspectorate is split into two judgements

The first is a star rating as follows:

0 stars = Poor Service
1 Star = Fair Service
2 Star = Good Service
3 Star = Excellent Service

The Second judgement is based on our Performance Indicators and Customer Satisfaction, and prospects for improvement:
Poor
Uncertain
Promising
Excellent

street cleansing and waste collection

The inspectors gave this a "Good " 2 star service, but uncertain to improve rating.

We feel that the 2 star service reflects the hard work that the Council has put into this area and is still doing so with the New Recycling Initiative, which will start in May 2002 as a 6-month trial. 6,000 wheelie bins will be distributed to take Collection of Garden Waste and cardboard. In the last 12 months we have introduced 3 new recycling Pavilions in Abbotsham, Littleham and Ashwater. We have also distributed over 300 kerbside boxes and bags in new Housing developments. We will be investing £150,000 in the New Recycling Initiative.

public conveniences

The inspectors found this to be a 0 star Service, with poor prospects for improvement.

We recognise that the 0 star service rating is justified. We have a refurbishment programme in place to spend £102,000 in 2002/2003 and a further £106,000 2003/2004. We will be repairing, and updating all Public Conveniences to comply with Government legislation, in relation to the Disability Act, although we do have disabled toilets in all of our Conveniences they may not come up to Government standards due to the size of the facilities.

development control

The inspectors awarded us a 2 star service, with promising prospects as the 2nd judgement.

We are investing in more staff resources and new software systems, which will improve our service to the Public.

under best value review year 3 2002/2003

This year we are reviewing the following services within the Council:

building control-which will cover the following areas

Building Control Service
Emergency Planning
Building Control Section

revenues & benefits-which will cover the following areas

Housing/Council Tax Benefits
Local Tax Collection
Revenues & Benefits Section

environmental health-which will cover the following areas

Food safety
Health & safety at work
Port Health
Public Health
Commercial Services Section
Pollution Reduction
Pest Control
Environmental Services Section

housing revenue-which will cover the following areas

General Management
Housing Management Section

accessibility-which will cover the following area

E-Government services to the public

personnel & management services

Recruitment & Training

how we spend the money

council tax

The following pages show where the money for authorities in Torrridge comes from and how it is spent.

The total amount of council tax needed to pay for services in Torrridge for 2002/2003 is £19.433 million. This money is collected by Torrridge District Council and then divided between Devon County Council, Devon & Cornwall Police Authority, the District Council and town/parish councils.

This table shows you the total amount charged by each authority and the cost to an average band D council tax payer.

who gets your money?	million £	average council tax £
Devon County Council	15.513	766.44
Devon & Cornwall Police	2.103	103.92
Torrridge District Council	1.511	73.80
Town and parish councils*	0.306	15.13
Total	19.433	959.29

* The figure for town/parish councils is an average. What you pay will depend on your own town or parish council's precept (see table further on in this booklet).

Torridge District Council

council tax

explanatory notes 2002/2003

Council tax is the way local Councils (and the Police Authority) raise money to pay for their services, after receiving Government support.

There will be one bill for each household and the named person(s) are called the liable person(s). For details about how to pay your council tax, please look on the back of the enclosed bill.

The tax is imposed on all homes, including flats, and the amount of tax you have to pay will depend on the valuation band in which the Valuation Office Agency has placed your property. Please see the reverse of your bill for further details about valuation bands.

reduction for disabilities

If you, or someone who lives with you, needs a room, an extra bathroom or kitchen, or extra space in your property to meet special needs arising from a disability, you may be entitled to a reduced council tax bill.

The bill may be reduced to the band immediately below the band shown for your property in the Banding List. These reductions ensure that disabled people do not pay more tax on account of space needed because of disability.

From 1 April 2000 a reduction is also available if your property is in band A. The council tax office can give further details.

If your home has any special fixtures which have been added for a disabled resident which reduces the home's value and you do not think they have been taken into account in the valuation band to which your home has been assigned, you should contact the Listing Officer at The Valuation Office Agency. (Tel. 01392 606900).

discounts

The full council tax bill assumes there are two adults (aged 18 or over) living in a dwelling. If only one adult lives in a dwelling (as their main home), the council tax bill will be reduced by a quarter (25%). If the dwelling is no-ones main home, the bill will be reduced by a half (50%). This can apply to empty dwellings and second homes. Certain people will not be counted when looking at the number of adults resident in a dwelling if they meet certain conditions, below are some examples:-

- Full-time students, student nurses, apprentices and youth training scheme students
- Patients resident in hospital or who are being looked after in care homes
- People who are severely mentally impaired
- 18/19 year olds who are at or have just left school
- Careworkers working for low pay, usually for charities, or people caring for someone with a disability who is not a spouse, partner or child under 18 years of age.

A complete list of discounts is available from the council tax office. If you think you may be entitled to a discount or if a change in your circumstances may affect your current entitlement, please contact the council tax office.

council tax benefit

Council tax benefit ensures that people in receipt of Income Support will normally pay no council tax, and that other people on low incomes will have their bills reduced. If you are single and have other persons on low income living in your household, you may qualify for what is known as 'second adult rebate'. Details are available from the Benefit Office, Torrridge District Council, Bridge Buildings, Bideford.

changes in spending from 2001/2002

	£	£
2001/2002 budget requirements		6,517

Increase in Appropriation from Balances		(282)
2002/2003 Budget Requirement		6,829

capital programme

Torrige is proposing to spend £5.6 million on Capital Schemes and Capital Grants. Capital expenditure produces long term benefits to the community and the Capital Programme includes the following:-

- £0.9 million House Renovation Grants
- £1.8 million Creating additional infrastructure to stimulate local employment prospects
- £1.1 million Improvements to Council dwellings and estates
- £1.8 million Improvements to leisure facilities and several smaller projects

outstanding borrowing

At 31st March 2001 there were external loans outstanding of £5.1 million.

There are no scheduled debt repayments or loans payable to other local authorities but it is anticipated that additional loans of £0.5 million will have been taken out by the end of the year.

The estimated external debt outstanding at 31st March 2002 is £5.6 million.

Torrige District Council staff

A comparison of budgeted employees shows an increase in numbers from 254 last year to 270 this year.

Torrige District Council 2002/2003

Details of your council tax are shown in full on the enclosed demand. Each local authority calculates the amount of money it will need to raise from council taxpayers to pay for the services it provides.

This is its total expenditure less other types of income, such as charges for services and specific Government grants. The District Council collects council tax on behalf of the council taxpayers within its area.

Payments are then made in respect of what are known as precepts to Devon County Council, Devon and Cornwall Police Authority and Parish/Town Councils. The District Council's demand is also met from this collection.

where the money will be spent in 2002/2003

In accordance with the above Act the District Council has calculated a tax base for each part of its area and for the District as a whole. This estimated District Tax Base for 2002/2003 of £20,239.84, when multiplied by the average council tax payable at band D of £119.05 gives the estimated amount collectable by the authority for the year.

It is also necessary for each billing authority to publish the following information expressed as an amount per head of population.

Torrige District Council 2002/03

	£	amount per head £
Budget requirement for year	6,829	120.15
Less: Revenue Support Grant	(1,999)	(35.16)
Redistributed Non-Domestic Rates	(2,389)	(42.03)
Sub-Total	2,441	42.96
Less: Redistributed Collection Fund Surplus	(32)	(0.57)
	2,409	42.39

The registered population used for the above calculation is 56,839 being that notified by the Secretary of State under Regulation 6 of the council tax and Non-Domestic Rating (Demand Notices) Regulations 1993.
